

Access Equipment

Jack Pennington Ltd have now expanded their range of access equipment and although we have always stocked ladders and step ladders we have identified a few new products that will help any contractor when using and transporting these products on site.

The range consists of various items but will offer our customers saving in both time and transportation due to the unique features of the products, the time saving element is in the ease of assembly and transportation due to the flexibility of the products. The range will offer a solution to any issues relating to access on site whether you struggle in a confined area or need an innovative answer to a particular requirement.

There are various products such as Podiums and Work Platforms but also Scaffold Towers and new products such as Stair Deck Towers that offer solutions when working on stairwells or confined areas. We also stock a traditional range of ladders, step ladders and GRP steps. The range will suit any contractor working within the Building Services Industries and offer an option for any requirement when working at height.

Key Product Features:

- 5 year warranty
- Easy assembly
- Compact design
- Ease of storage and transportation
- Innovative products
